

Northern Rivers Guardians (NRG) members are active workers for a better community...

It's a lot of effort ... but also a lot of fun!

Where can I find help?

Visit our website for information and links about a range of issues across the Northern Rivers and further afield.

Email us for further information.

Catch up with us at various weekend markets around the Northern Rivers.

How can I help?

- **Join the Northern Rivers Guardians**
- **Get involved in NRG campaigns**
- **Make your voice heard -**
 - Tell your MP what you think
 - Contact your local Councillors by letter, email, phone and personally
 - Write to the newspapers
 - Speak at Council Community Access sessions

PO Box 309
Murwillumbah NSW 2484

The Northern Rivers Guardians

- **Lobby and work for appropriate development in the Northern Rivers of NSW.**
- **Lobby and work against inappropriate development.**

Appropriate development

- ✓ **Is sensitive to environmental needs**
- ✓ **Accounts for community priorities and needs**
- ✓ **Supports economic growth that complements the local area**

By joining the *Northern Rivers Guardians* you can make your voice heard on issues that concern you.

Our current campaigns are focussed on:

Appropriate & sustainable land use

We have joined with the *Lock The Gate Alliance* to **Stop Coal Seam Gas Mining**.

The technology and chemicals used in this process are extremely destructive and risk contamination of the water supply as well as public health impacts.

This campaign has attracted support from across the political spectrum from national groups including *Friends of the Earth* and the *National Farmers Federation* as well as local community and environmental groups around the country.

The *Lock The Gate Alliance* is made up of over 70 local and national groups and a large number of individual supporters.

You can get more information from:
<http://www.northernriversguardians.org>
<http://lockthegate.org.au>

Sustainable water for the Tweed.

We are lobbying local and state governments and relevant departments to ensure a *sustainable* water supply for the Tweed into the future.

We are promoting the installation of appropriately sized rainwater tanks in new developments and the use of reticulated water for flushing toilets and watering gardens.

We argue that, with appropriate water saving measures, there is no need for a new dam nor does the existing dam wall need to be raised.

As part of that campaign we are supporting the *Save Byrrill Creek* campaign to stop the building of a dam on Byrrill Creek.

You can get more information from:
<http://www.northernriversguardians.org>
<http://www.byrrillcreek.com>

Your issues

If you live in the *Northern Rivers* of NSW and have other local issues that you are dealing with and would like support please contact us at:
