

## **Jack Evans Boat Harbour on NBN news/ letter to ed**

Glad to hear that nothing lives in the water at Tweed Heads!

I still wait for one of our vols to surface on this letter thing. Had four at the meeting: Joyce, Cas, Sharon & Wayne. Where are they ?

It's actually already full of plastic, Sledge!

Yes and not only that but it's only \$5 a head so good cheap family fun .... and the environmental report said there was no marine life there. Imagine?

The President of Save JEBH Richard mason told me they would be interviewed again tomorrow night.  
I think they did a good story except not enough explanation about how this eyesore would keep marine life away.
