

Hi NRG people . The monthly meeting voted to send \$500 to EDO for their Stop Adani Fighting Fund yesterday.

Today I got word that NEFA (North East Forest Alliance) still needs \$3500 for the ads it is currently running on North Coast TV channels which encourage viewers to vote & to vote for the future of our forests and save the environment for the children and biota of the future. check them out b y search of "Youtube NEFA forest ads."

NRG has voted to donate \$300 or maybe \$500 to these NEFA ads . I think it is well spent, as it reaches people who don't come to meetings. Some viewers are likely unaware of our issues. Having a good state government for the next 4 years is crucial.

NEFA Donations to film ads campaign: **Individuals can donate via the Summerland Credit Union: Name- North East Forest Alliance BSB- 728728 Account- 22322513 BUT - they need to send an email with their Name, Electoral Roll Address and a statement that they are on the electoral roll. Email to donations@nefa.org.au**

Here's what NEFA Secretary Susie Russell says:

Actually our ad for Lismore has Vote Greens 1 and then 2 for ALP.

There is no better advocate for forests than Sue Higginson.

Then use your preferences but make sure they get to the ALP. People who vote Greens need to preference Labor and people who vote Labor need to preference the Greens if we are to kick the Nationals out.

That's the message in our TV ad because that's the simple truth. The winner will be either Greens, Labor or Nationals. And everyone, including AJP voters , need to use those preferences or see their vote wasted.

For the earth,
Sledge
NRG President

Here's the link to the page which has all ads/videos <https://www.nefa.org.au/>
