

Only 4 days to go till **Divestment Day!**

On **Friday 2nd May**, at **3.30pm**, a group of us [will meet in Murwillumbah](#) to close our accounts with the big banks (ANZ, CBA, NAB, Westpac).

We are doing this to show them it is no longer acceptable to use our money to invest in new coal and gas projects in Australia. Since 2008 they have invested nearly \$20 billion in these dirty and destructive industries.

**Come and be part of the [fastest growing divestment movement in history!](#)**

**If you don't have time to switch banks, deliver a letter of intent on 2 May ([link to template here](#) and below)**

### **Details:**

**Where:** Murwillumbah. The park at the intersection of Wharf St and Tumbulgum Road (near the Southern Cross Credit Union). [Map here](#).

**Time:** 3.30pm, Friday 2nd May

**What:** A brief talk and group photos at the meeting point, then we'll split into 4 groups and close our accounts. For those who have time, we'd like to meet afterwards for a bit of a celebration (location to be decided).

**This is not a protest.** We will **not** be marching or protesting, holding banners or chanting slogans. We have no quarrel with the staff, managers, security or other customers of these banks. We will simply be there as customers, exercising our right to close our accounts.

**NOTE:** There are also events at 12.30pm in **Lismore** and **Byron** if they are closer to you ([locations here](#))
