

# SAVE OUR SCHOOLS

I'm sure you've heard. The NSW Government is forcing the closure of four local schools in Murwillumbah to build one mega school. Please sign the online petition to save our schools - we need 20,000 signatures (from NSW residents) to force a debate in Parliament. So please share this link with friends and family in NSW: <https://bit.ly/337MHVI>

The schools to be closed are Murwillumbah Primary, Murwillumbah East Public, and Wollumbin High School. They would be merged into Murwillumbah High School to create a K-12 school of 1,500 students. Concern exists that the state will sell off the school land for private housing developments.
